

UNIVERSAL SURFACE MOUNT KITS

SURFACE MOUNT BOX FOR LED PANEL

The Surface Mount Box for LED Panels provides a slim option for mounting LED Panels on a surface that has no void behind it. The frame has a depth of 50mm to accommodate the LED Panel driver and optional 3 Hour Emergency Kit.

The frame has a smooth silver finish.

Supplied as an easy-to-assemble kit form, the box comes complete with screws and rawl plugs.

This is compatible with all NET LED Lighting supplied 600x600 Panels.
